DETAILED ACTION

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-9, drawn to a method for automating trade settlements, classified in class, subclass 37.
- II. Claims 10-13, drawn to a method of automating a corporate action, classified in class 705, subclass 35.
- III. Claims 14-24, drawn to a system for automating cross border transactions, classified in class 705, subclass 35.
- IV. Claim 25, drawn to a method of improving bank instructions between financial institutions, classified in class 705, subclass 35.
- V. Claim 26, drawn to a method for centralizing information required to settle a global cross border transaction, classified in class 705, subclass 35.

The inventions are distinct, each from the other because of the following reasons:

Inventions I, II, III, IV, and V are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as for use in an online public auction. See MPEP § 806.05(d).

Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Groups II, III, IV, and V, restriction for examination purposes as indicated is proper.

A telephone call was made to Justin Petrizelli on September 29, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lalita M Hamilton whose telephone number is (703) 306-5715. The examiner can normally be reached on Tuesday-Thursday (8:30-4:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vincent Millin can be reached on (703) 308-1065. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
